

Window cleaning has never been as much fun

Thanks to the ergonomic design it is easy to get into the lower edges of the window and the included accessory, the belt clip, makes it possible to keep the sprayer or the washer mounted in your waistband avoiding you to bend down all the time to switch device.

The new, battery-powered window washer Nilfisk Smart ensures streak-free cleaning of windows and it does the job in no time.

The handy device sucks the water from the pane, after cleaning – with no dripping dirty water and no streaks. The smart, ergonomic design makes it very easy to clean in even the lowest windowsill and in comparison to conventional methods, cleaning is noticeably easier and quicker.

Nilfisk battery-powered Smart is also very suitable for mirrors and tiles in the household. It's fun

This device is operated by one hand and therefore Nilfisk Smart is light-weighted and cleaning is made user-friendly and easy.

With a 100 ml. dirty water container you do not have to empty the tank all the time and it is quick to get the job done.

The Nilfisk Smart comes with a lithium battery which ensures a run time of 25 minutes.
